Adopt-a-Fire Station
Frequently Asked Questions

What is the Adopt-A-Fire Station Program?

The Adopt-A-Fire Station Program was created in response to a desire on the part of citizens to spruce up their neighborhood fire stations. Nearly a year in the making, its purpose is similar to other city programs whereby civic, business and professional groups are permitted to adopt parks, esplanades and police substations.

Why doesn't the City maintain Fire Stations?

The Adopt-A-Fire Station Program serves merely as a supplement to the City's ongoing fire station maintenance program. In 1993, HFD implemented a CIP-funded renovation program designed to address major fire station maintenance issues. In the summer of 2001, HFD's Facility Management Division was consolidated into BSD.

However after business and association representatives expressed interest in assisting in the upkeep of neighborhood fire stations BSD and HFD worked in tandem with the Legal Department to develop the Adopt-a-Fire Station Ordinance.

How can my organization Adopt-a-Fire Station?

Participants will be required to complete a program application and will be given a master list of specifications for items utilized in the fire stations. (Included in this brochure)

What can my organization donate?

After visiting many of the 87 stations, BSD has identified the need for a restoration program to address routine maintenance, such as, deep cleaning, painting and miscellaneous repairs, overlooked due to budget constraints.

An approved list of Items acceptable for donation can be found on the HFD Website www.houstonfire.com. Items not included on the approved list of Items acceptable for donation will still be considered.

Can my organization Adopt-a-Fire Station of its choice?

Although a list of fire stations prioritized by those in greatest need of attention is available, organization's may adopt the fire station of their choice.

Can my organization donate money to Adopt-A-Fire Station?

No monetary donations will be accepted through this program; however, donors who wish to make a monetary contribution may make on behalf of the fire station of their choice via one of HFD's affiliate organizations: Citizens Fire Academy Alumni Association, MediLife of Houston, Cease Fire Club, or the Houston Fire Museum.

APPLICATION FOR ADOPT-A-FIRE STATION PROGRAM

Mail to: Felicia Williams, 900 Bagby, 2nd Floor, Houston, Tx. 77002, Fax to: 713.437.6502;
